## M'CRAY'S NAME CAVE NOTES VALUE

J. J. Kiser of Indianapolis Bank Testifies Other Signatures Amounted to Nothing

### EVIDENCE IN FRAUD TRIAL

Witness Says Governor Admitted Notes Represented Nothing Except His Own Responsibility

(By United Press)

Indianapolis, Ind., April 24—Nearly \$200,000 worth of notes floated by the Meyer-Kiser bank of Indianapolis for Governor Warren T. McCray represented practically nothing but McCray's own responsibility, J. J. Kiser, vice-president of the bank, testified today in the federal court trial of the governor.

McCray is charged with using the mails in a scheme to defraud.

Although many of the notes bore the signatures of various men and firms, the governor's signature was the only thing that gave them value, Kiser testified.

He said that on January 1, 1922, there was outstanding a total of \$196,000 in McCray's own paper and notes given as collateral.

The bank handled the paper for McCray as a broker, Kiser said. He testified that McCray told him when the bank first began disposing of the notes that they represented "cattle paper."

"Later the governor admitted to me that in practically every case the notes represented nothing but his own responsibility," Kiser testified.

"He told me that, when I called his attention to fifteen or twenty names signed to collateral notes given our customers as security, that they were the governor's own notes."

John W. Pullen, president of the Citizens State bank of Indianapolis, testified McCray promised his bank a state deposit of \$5,000 shortly before his financial failure last August, if the bank would loan him a similar amount on his personal note.

Kiser was asked if he knew James L. Morrison, one of the men whose names appeared on the notes.

"I did not know him personally," Kiser testified. "The governor told me he had been in the sugar business in New Orleans but was not very successful. The governor said he thought Morrison was worth something. He said he was a 'good fellow'."

Additional evidence was introduced to support the contention of the state that McCray signed the names of supposed makers of notes payable to himself.

James L. Gavin, president of the Northwestern State Bank of Indianapolis, testified McCray gave him a "dead note" that had already been replaced by a renewal note and later Continued on Page Three

## MRS. MARY J. SMITH DIES AT AGE OF 80

Widow of Jabez Smith Expires At Home of Quincy Whitton—Broke Hip Three Years Ago

FUNERAL FRIDAY, 10:30 A. M.

Mrs. Mary J. Smith, age 80 years, died Wednesday afternoon about 2:30 o'clock at the residence of Quincy Whitton, 625 West Fifth street, where she had been living for three weeks.

The deceased was the widow of Jabez Smith, a Civil War veteran, who preceded her in death in February 1921. Following his death in this city, she went to the home of her daughter, Mrs. Benton Scott, of near Sexton, where she had lived until a few weeks ago, when she was removed to the Whitton residence in this city.

Mrs. Smith fell and broke her hip about three years ago and since that time, she had been in failing health. She is survived by the daughter, Mrs. Scott and a son, Frank Smith who is a travelling salesman. Funeral services will be held Friday morning at 10:30 o'clock at the Main Street Christian church in charge of the Rev. L. E. Brown, and burial will be made in East Hill cemetery.

## WEDNESDAY SETS A RECORD

Tax Collections Largest They Have Been This Season

More was collected on the spring installment of taxes, Wednesday, than has been paid any day during the spring taxpaying season, when collections amounted to \$13,378.62, making the total paid on the first installment for 1924, \$199,348.83.

This leaves a balance of approximately \$340,000 to be collected between now and Monday, May 5, when the spring taxpaying season closes with ten days left, in which taxes may be paid without incurring a penalty, collections will have to average \$34,000 a day.

## TO ACCEPT PLANS WITHIN FEW DAYS

Rush County National Bank And Odd Fellows Lodge Will Agree on New Building Soon

### FEW DEFINITE DECISIONS

Bank Decides to Occupy Whole First Floor and Odd Fellows Plan to Build Roof Garden

Although they have not yet come to any definite agreement, the Rush County National Bank and Odd Fellows lodge expect to accept plans in a few days for the new building that will be erected at the corner of Main and Second streets to replace the one which burned January 25.

McGuire and Shook, Indianapolis architects, have been working on plans for some time, but certain details are yet to be worked out, before the contract for the new building can be let.

It has been definitely decided by the bank to use the whole first floor of the building. At one time, the bank considered occupying the first floor back to the vault, and arranging for a small business room, opening in Second street, across the rear end of the building.

One drawback to definitely accepting plans for the building, it is said, had been the disposition to make of the vault, which was installed a few years ago at great expense. It is located in an awkward position, being situated near the center of the lower floor, on the north side, which will be the most valuable floor space in the building, on account of it being on the street side and will be the best lighted.

The vault could be moved, it is pointed out, but not without great expense, but if moved, it could be enlarged to meet the growing needs of the bank.

The Odd Fellows will erect the second story of the building. They have decided to add a roof garden for the recreation of lodge members and as a means of beautifying the building.

The building will be constructed of steel and brick and will be along the lines of the latest bank architecture. Although to be only two stories high, it will have the appearance of being higher and will rise almost as far above the street level as the old building did.

## L. E. BROWN SPEAKS AT CENTER EXERCISES

First High School Commencement is Held in County Wednesday Night—Center Church Crowded

### NINE AWARDED DIPLOMAS

The first high school commencement of the year was held in Rush county Wednesday evening when Center high school graduated nine students. The exercises were held at the Center Christian church and the address was delivered by Rev. L. E. Brown, pastor of the Main Street Christian church of this city. The church was crowded with people.

The Rev. Mr. Brown used for his subject, "Some Peas in a Pod," referring to the fact that the five "P's"—Purpose, Preparation, Partnership, Patience and Principles, are needed if young people expect to accomplish anything worthwhile in life.

In illustrating how patience, purpose and preparation figured in the making of the famous motion picture, "The Hunchback of Notre Dame," he said.

## I. & C. TRACTION CO., TO REMOVE ONE TRACK

Decides to Combine Tracks in Morgan Street Where Paving Will Soon be in Progress

### STREET WILL BE WIDENED

One of the tracks of the Indianapolis and Cincinnati traction company will be taken up on Morgan street, which is to be paved within the next few weeks, according to a decision reached yesterday by C. L. Henry, president, who was here looking over the street.

The paving construction is now under way on the south end of the street, and will soon be up to the place where the car tracks are located. The traction line maintains double tracks through the city, and on this account the street was to be widened when paved. The traction officials now want to take up one set of tracks on that portion of the street, which would not have caused the street to be widened but regardless of the plans, the street is to be widened, and the traction company Continued on Page Six

## HOME SHOWN TO BE BIG FACTOR

Its Relation to Education Discussed at Monthly Meeting of Parent-Teachers Association

### ATTENDANCE OFFICER TALKS

Says it is Very Important The Home Co-operate With The School in Overcoming Delinquency

A large crowd attended the meeting of the Parent-Teachers organization of the city Wednesday evening at the assembly room of the Graham high school building. Several interesting talks were given on the general subject for discussion "The Home as a Factor in Education."

Miss Dorothy Sparks, the county attendance officer, gave a talk on "The Home and Delinquency," showing that it is very important that the home cooperate with the school in reference to delinquency. She also pointed out that in about three hundred homes she has visited this year, only about four cases of absences from school were due to delinquency. Most of the absences were due to lack of encouragement, she stated, and in these cases the children would attend school if they had obtained the proper encouragement from their parents.

"Modern Writers For Children" was the subject discussed by Mrs. Roy Waggener, in a very impressive manner. She told of the most important writers for children and illustrated her talk with an exhibit of fifteen or twenty books by modern writers. The books were passed through the audience and examined with eagerness by the people.

The symposium on "The Ideal Home" was discussed by six different persons who made their talks very interesting.

The next meeting of the Parent-Teachers will be held May 13 and the subject for discussion at this meeting will be "Child Welfare"

Washington, April 24—The McNary bill which would create a \$200,000,000 corporation to buy and sell basic farm products in an effort to maintain pre-war price levels, was singled out by the house Agriculture committee today as the outstanding farm relief measure, to be pressed for passage at this session of congress.

Rejecting all other alternative measures which were urged as substitutes, the committee reported out the McNary-Haugen measure by an unexpectedly large vote of 14 to 6.

## COURT TERM IS DRAWING TO END

Business is Being Finished up Preparatory to Week's Vacation Before May Term Opens

### JURY IS USED VERY LITTLE

Sheriff Hunt Says His Report Shows Fewer Talesmen Called Than Any Time During His Term

Business in the circuit court is being drawn to a close as Saturday will end the February term of court, and the books will be put in shape and the calendar prepared for the new term, which begins May 5.

The February term has been a quiet period in court circles, with only one outstanding case that required any length of time. This was the murder trial in which Cecil Cloud was convicted.

The jury was used only a few other times during the period. Sheriff Hunt, who tabulates the jury report for the allowance of the jurors, stated today that his report was the lowest since he had been sheriff, and that only 78 talesmen will be on the payroll.

The usual run for jury service during a court term is around 100 men. The murder case alone during this term of court was responsible for most of the 78 talesmen being called.

A few minor matters will be heard Friday and Saturday in order to close the books for the week's vacation between terms. Further evidence in the Merritt divorce case will be heard, and decided Saturday by Judge Craig special judge of Greensburg, who is hearing the case.

Among the new cases filed is a complaint by Sidney L. Aughinbaugh of Indianapolis against Cornelious Monks and Ada Mae Monks, the action being to enforce a trust, which is the outgrowth of a real estate transaction involving a trade between city property and a farm, west of Rushville. The demand is for \$3,500.

Judge Sparks has decided the case of Claude Hillgoss against the New York Life Insurance Company, a complaint on an account, and the plaintiff was awarded \$237.48 judgment. Stella Hillgoss filed a cross complaint asking to share in the complaint, and the court ruled against the cross complaint.

### Says His Prescription Has Powerful Influence Over Rheumatism

Mr. James H. Allen, of Rochester, N. Y., suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work.

He finally decided, after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system.

He freely gave his discovery, which he called Allen's, to others who took it, with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers. He has therefore instructed druggists everywhere to dispense Allen's with the understanding that if the first pint bottle does not show the way to complete recovery he will gladly return your money without comment. All druggists can supply you.

### Tom Meighan Picture

Film fans will see in Tom Meighan's new picture "Pied Piper Malone," coming to the Princess theatre today again a highly original comedian with a high-powered laugh-provoking talent. His name is Charles Winniger. He is the husband of the musical comedy star, Blanche Ring, sister of Mrs. Thomas Meighan. Winniger has starred on the stage for many years, his most recent appearance being in "The Good Old Days," a comedy based upon Prohibition which amused Broadway for many months. He is one of those spontaneous comedians, like Charlie Chaplin and Ben Turpin, who have but to heave into sight and the spectators start to laugh. Such fun-makers do not need elaborate "gags" to put them over. Winniger has the role of the village barber in a "down East" seaport community in "Pied Piper Malone", and his every move is declared to be a laugh. It is a Paramount picture, and, besides Handsome Tom and Funny Charlie, the cast includes Lois Wilson, the "Covered Wagon Girl," Penches Jackson, and several other favorites. Booth Tarkington wrote the story.

### New Treatment for Varicose Veins and Ulcers

Swollen veins are dangerous and often burst. Sufferers are advised to get a two-ounce, original bottle of Emerald Oil (full strength) at any pharmacist and start to reduce the veins and banches at once.

Physicians recommend Emerald Oil; it is used in hospital practice and a small bottle will last a long time, because it is very concentrated and a little goes a long way. Apply night and morning with a soft brush as directed until the swelling is reduced to normal.

So marvelously powerful is Emerald Oil that swollen glands and even goitre disappear when used steadily.

### Help Safety Sue Keep Boys And Girls From Being Hurt

Continued from Page One

p. m. so the name of the winner and the winning rhyme may be printed in Monday's Republican. The fourth line which you are to write, must rhyme with the third line of Safety Sue's verse.

With so many automobiles and trucks and trolley cars and railroad trains and sometimes wires charged with electricity which break and fall to the ground, there are so many ways for the little boy and girl friends of the Republican to meet with bad accidents, that the Republican wants every little boy and girl to think all the time about being careful, so each of them may not suffer such a misfortune. That is why we ask you to write a good, true rhyme to complete the verse of Safety Sue's slate about being careful.

And each day beginning next Monday, the Republican will give the boy or girl who writes the best rhyme to complete Safety Sue's verse, a nice, crinkly new dollar as a reward for your efforts.

At the end of the contest, I'll tell you about A BIGGER AND BETTER REWARD!

## WHEELER MAKES SPIRITED REPLY

Senate "Prosecutor" Says Men Like Daugherty And Fall Make More Bolsheviks Than Red Agents

### ANSWERS DAUGHERTY ATTACK

Former Attorney General Blames "Russian Communism" For Forcing Him Out of Office

By FRAZIER EDWARDS  
(U. P. Staff Correspondent)

Washington, April 24—"Such unfaithful servants as Daugherty and Fall have made more bolsheviks in America in a few weeks than a thousand soviet agents could make in a decade," Senator Wheeler, Montana, declared today, in replying to former Attorney General Daugherty's "defense speech" in Columbus Ohio, last night.

Wheeler's statement to the United Press was provoked by what he termed "Daugherty's cunning but baseless insinuations" that he and Senator Brookhart, Iowa, were "inspired" by soviet officials to investigate the department of justice.

"In his array of distorted truths," said Wheeler, "Daugherty has taken refuge behind the resort of modern knaves striving desperately to divert the public mind from their own corruption. When all else fails, they trot out the 'Red Peril' bugaboo. His pitifully absurd smoke screen will only meet with ridicule.

"But this discredited official does not exaggerate the dangers that threaten the republic if the Daughertys and the Falls are not driven from office. That is the danger the senate committee, by barring the corruption in the department of justice is seeking to avert.

"There is a rising tide of discontent in America. Government by blackmail and the private sale of the public domain have brought it to the danger point. Nothing can check it if the bolshevik makers are left in office.

"That is the task to which the senate committee has dedicated itself. Washington must be made unsafe for grafters of the Jess Smith and Howard Mannington type—Daugherty's bosom friends. It must be made impossible for another Daugherty to dispense czarist Russian justice in the legal department of the government."

Wheeler added that the "squeal of a cornered rat" would not stop the investigation.

Columbus, Ohio, April 24—"Russian Communism" was blamed by ex-Attorney General M. Daugherty at a testimonial dinner in his honor here last night, with being responsible for the senate investigations that forced him out of office.

"The soviet failed to gain control of the labor organizations of this country, and so arranged pilgrimages to Moscow for certain members of the United States senate."

Daugherty said he had given up his cabinet post rather than contribute to a treasonable cause.

Files of the department of justice, he said, contained "abundant proof of the plans, purposes and hellish designs of the communist internationale."

"Beat in mind," he said, "that the files which I refused to deliver to the Wheeler committee at the time of my resignation was requested, were demanded by Brookhart and Wheeler, two United States senators, who spent last summer with their soviet friends—these same communist leaders who preach destruction of constitutional government."

### MCCRAY'S NAME GAVE NOTES VALUE

Continued from Page One  
admitted "he should not have done it."

The government will complete its case against Governor Warren T. McCray, next Monday or Tuesday, District Attorney Elliott said as court opened today.

If this schedule is adhered to, the case will reach the jury Thursday or Friday of next week.

The defense will use only a few witnesses, attorneys for the governor said.

McCray is anxious to take the stand for himself. He says he has the utmost confidence in his ability to explain satisfactorily the financial transactions which led to his indictment.

### ATHLETIC CLUB TO GIVE PLAY

"The Man From Borneo" to be Presented at Fairview Friday Night

"The Man From Borneo" will be presented by the Fairview Athletic club Friday evening at the Fairview auditorium. It is announced that the feature of the play is the acting of E. H. Hackleman, postmaster at Fairview, who takes the part of the "wild man."

The characters are cast as follows: Borneo B. Binns, a tropical blizzard from the south, Don L. Essex; Fred Binns, his downtrodden nephew, Verne C. Freeman; Capt. Lefton Wright, late of the Philippine army, Merle Michael; Peter, a sleepy servant, James Cooney; Olive, Fred's wife, Ruby Hackleman; Lizzie Dayton, her former chum, Pearl Reed; Aunt Drusilla, heard but not seen.

A dual line of attack was being developed today by the district attorney. While continuing to quiz witnesses as to the methods used by McCray in discounting "cattle notes" with Indiana banks, Elliott opened up a line of questioning seeking to prove the government's contention that McCray forged a number of notes.

The defense suffered a setback yesterday afternoon when Judge Anderson held that repayment of any or all of the indebtedness had no bearing on the case.

McCray's attorneys had been building their case on the theory that the fact that McCray had repaid some of the banks was evidence he had no intent to defraud in his financial dealings.

The defense suffered another jolt when Elmer Stout, president of the Fletcher-American National bank of Indianapolis, testified that McCray admitted to him last fall he had signed the name of "J. L. Williams"

## Our Language

Contrary to the popular view, the  
dictionaries are not made for us but  
by us.The managing editor of a well  
known dictionary explains that the  
dictionary-maker's job is like that of  
the housekeeper—never ending."From morning sunrise to the  
dawn of the next day, words pour in  
upon him," this dictionary editor  
says, "and have to be identified, sorted,  
dusted and classified, just exactly  
the same as plates and dishes on a  
shelf or other knickknacks in a home."When most of us think of a dic-  
tionary, we think of something origi-  
nal, something that bears the badge  
of authority—never something that  
originated with those whom it is ex-  
pected to benefit.But when we consider the origin of  
some of the most recent words now  
in use, we find that the dictionary  
maker tells us something that we al-  
ready knew.The late president Harding did not  
go to the dictionary for "normalcy."  
It was a word of his own making and  
it was so expressive and so useful  
that popular usage soon fixed it in  
the minds of the people as a stand-  
ard word.When Grover Cleveland dug up  
"desuetude," using "innocuous" in  
front of it, he started the prim-mind-  
ed students. "Desuetude" had been  
sleeping for years, but it suddenly  
took on new life after the president  
of the United States dignified it by  
using it.So new words are born over night  
and old ones are given the spark of  
life through usage by men in public  
life.It is natural that our language  
should change and that our speech  
should move constantly. It would be  
unnatural for a people with vim, en-  
thusiasm and energy, such as char-  
acterizes Americans, to be satisfied  
with an unchanging language.We need expressive words and the  
constant searching for them by alert  
minds is certain to be productive of  
a flexible language that will suit our  
ever-changing needs.

## The Immigration Barrier

No legislation pending at Washing-  
ton is more important than the im-  
migration law, and the way that it is  
working out must bring a sense of re-  
lief to the country, in spite of cer-  
tain regrettable omissions.The most important innovation is  
the use of the 1890 census as a basis  
for national quotas, adopted by both  
House and Senate. On the 2 percent  
basis, this brings down the admissible  
total from about 200,000 a year, the

## Hunt's Washington Letter

BY HARRY B. HUNT  
NEA Service Staff Writer.WASHINGTON, D. C.—"Watch  
out for the women. They  
have something beside their arms  
up their sleeves."This is the warning that has  
gone out to political managers, but  
from force of habit are devoting  
most of their time to scanning the  
campaign horizon from a purely  
male viewpoint.Undercover whisperings in femi-  
nine organizations, however, have  
penetrated to the ears of political  
scouts and an alarm has been  
sounded to look out for a surprise  
attack and to arm for the emer-  
gency.For some weeks there has been  
a growing suspicion that the wo-  
men were up to something, but  
just what it was remained in doubt.  
Recently a runner arrived with a  
breathless story of a plan by the  
ladies to kidnap the vice presidency  
at the Republican convention. Con-  
ceding that Coolidge has the presi-  
dential nomination already sewed  
up, the women will be content, for  
this time, with second place on the  
ticket, but they will make a real  
and earnest fight for that. At  
least so the story ran."ALL Bunk," they tell you at  
both Republican and Demo-  
cratic headquarters. Those are  
quotes for publication. Privately,  
they'll inquire most earnestly if  
you think there's anything to it.  
If so, who's behind it? And do you  
really think they're serious?Now I happen to know that this  
matter of demanding the vice presi-  
dency for a woman HAS been dis-  
cussed at the headquarters of one  
of the largest national women's or-  
ganizations. And it was discussed  
seriously. Not seriously in the  
sense that anyone expected either  
party to play the courtly gallant  
and immediately name a woman  
for second place on its ticket this  
year, but seriously from the view-  
point that if woman ever is to bepresent figure, to 150,000 or 160,000  
a year. No less important, it enforces  
a certain rough selection among the  
European races, giving an advantage  
to the races of northern and western  
Europe. The quotas of Great Britain  
and Ireland on this basis will be  
about 60,000 more than one-third of  
the whole.This is done not in contempt of the  
races of central and southern Europe,  
as some offended nationalities seem  
to assume, but in order that the  
American people may make sure of  
perpetuating the language, institu-  
tions, ideals and general type of civ-  
ilization already established in this  
country. It is only what any nation  
is entitled to do, and what most of  
the complaining nations would do in  
the same circumstances. And it may  
be truly said that it is mainly be-  
cause of the institutions America is  
now seeking to preserve that all these  
varied foreign nationalities have been  
attracted to our shores.Having gone so far, citizens who  
have studied the immigration ques-  
tion will regret that Congress has not  
seen fit to go still farther in the mat-  
ter of selection, applying it individ-  
ually as well as racially, and exercis-  
ing a veto power over every candi-  
date for admission, including the  
"Nordics," before he sail for Amer-  
ica.

## Down to The Dregs

Senators Brookhart and Wheeler  
have attained new low records in the  
presentation of evidence which the  
country is expected to receive with  
respect. A man who had been four  
times convicted of crime and had  
served a term at Atlanta Federal  
prison, was put upon the witness  
stand to testify and was allowed to  
tell of stories that "were going  
around in the penitentiary" concern-  
ing things that were supposed to be  
happening outside. All people who  
would like to be convicted on that  
sort of evidence are free to indicate  
their willingness to the nearest pro-  
secuting attorney who will keep the  
information in mind when he next  
has to produce evidence.

ficials declared. She was arrested.In line for a place on the presiden-  
tial or vice presidential ticket a  
start will have to be made, and  
that now is as good a time as any  
for said start.TWO women suggested as pos-  
sible nominees on the Repub-  
lican side are Mrs. Harriet Taylor  
Upton of Ohio, chairman of the  
women's section of the Republican  
National Committee, and Mrs.  
Maud Wood Park, president of the  
National League of Women Voters.Leadership in the latter organ-  
ization might be a handicap, inas-  
much as the organization is  
pledged against taking sides be-  
tween parties or endorsing specific  
candidates. Its function is to  
stimulate women's interest in poli-  
tics generally and to enforce  
causes, not candidates.However, Mrs. Park is retiring  
as president at the end of her  
present term, which concludes this  
month. This retirement would  
remove any embarrassment in  
"accepting" the vice presidential  
plum, should such be tendered.SHOULD the Republicans reject  
this year's proposal by the  
ladies to let them share the respon-  
sibilities of high office as even the  
proponents of the plan expect they  
will—there yet remains the Demo-  
cratic convention where a similar  
proposition can be tried. In fact,  
the odds in favor of acceptance by  
the Democrats might be considered  
better than by the Republicans,  
since the Democratic convention  
will have a much larger female  
delegation.Emily Newell Blair, chairman  
of the National Democratic Women's  
Committee, would be the likely  
choice for such a test at the New  
York convention. A third "possi-

PHONE 1622. 517-519 WEST SECOND STREET**Rickard Out of Ball Parks**By HENRY L. FARRELL  
(United Press Sports Editor)  
New York, April 24—War against Tex Rickard, waged by rival New York promoters is to see a new offensive during the coming summer, when an attempt is to be made to keep him out of New York.

Jimmy Johnston, who promoted at the Yankee stadium last summer and who turned over Johnny Dundee's contract to his brother so as to comply with the ruling of the boxing commission, that a man cannot act as a promoter and a manager, has been selected as the leader of the offensive.

Johnston announced that the owners of the Giants and the Yankees had reached an agreement to allow him to make the matches and handle the fights that are to be held in the Yankee stadium and at the Polo Grounds. He said that he would be connected with both clubs and that no other promoter could get in either park with a match.

This means, it is believed, that Rickard will not be able to use either of the big baseball parks and that he will have to fall back upon his big pine bowl in Jersey City.

Rickard, however, insists that he could put one or two big matches in the Polo Grounds, if he wanted to do

it, but that he had decided that baseball parks were not the proper place in which to stage boxing matches. It has been reported that the boxing commission feels the same way about it, and that some rule may be passed which will make the parks less attractive to promoters.

The Dempsey-Firpo fight at the Polo Grounds last summer resulted in a large number of complaints being filed with the boxing commission. Ticket-holders complained that they were unable to get their seats or that they could not see the ring from their seats. During all the excitement of the first round, when Dempsey was down three times and Firpo was down seven times, the fans jumped to their chairs and obstructed the vision of those behind them. Chairs crashed under the burden and general disorder resulted.

Rickard was frank in admitting that there were many good reasons for complaint, and he said after the fight that he was through with ball parks for big championship matches.

William Muldoon, former chairman of the commission, said after he had been reappointed to a place on, the commission that he would favor and support any rule that would stop or discourage the promotion of boxing in the ball parks. He suggested, for one means, that no seats be pitched on the field and that the fans be forced to watch a fight from the same seats and the same places that they watch a ball game.

This was considered a rather radical step and a compromise plan may be effected whereby the field seats will be limited to a very small number. Under the most favorable conditions, with practically no restrictions as to the number or location of the seats, ball park boxing was not successful here last summer. The owners of the Giants lost more than \$100,000 when Tom O'Rourke was handling their fight department and it is significant that on the one fight that Rickard handled for them they were able to get in the clear and have a few dollars left.

Rushville will be represented again this year in the baseball field, according to an announcement made today, following a meeting of the stockholders of the club. The officers elected are the same as last year, with Guy Mulberger as treasurer and Earl Conway, secretary and booking manager.

The first game will be played about the middle of May. Several fast clubs have been writing for dates. A first class pitcher will be secured, and the rest of the club will have local boys on the line-up.

Among the new faces on the team this year will be Sky Eagle, an Indian who lives here, and who was formerly with the Nebraska Indian team. He is an all around player, and will be given a place. The Indian was here a few years ago with the Nebraska team, and moved here last fall, and is ready to play ball at any time.

The directors of the club have decided to sell 500 tickets for the opening game at one dollar, which will place the club in good shape for a starter. The other players will be McCarty, A. Joyce, Shaw, Sharp, Pearsey, M. Joyce, and Byrne.

**Sleeplessness**

Chiropractic Health Talk No. 62

By H. V. McCully, D. C., Ph. C.

Many suffer from disease that robs them of sleep without realizing it. One patient who came to this office was surprised to find that getting up two and three times a night because of their kidneys was unnatural.

It is during sleep that the batteries of life are re-charged and vitally is raised to the point where there is once more power to perform, but without it vitality begins to ebb.

Normal health of the vital organs insures sound uninterrupted sleep and if you do not enjoy this kind of sleep you may be sure that your organs of elimination are below normal.

By the Chiropractic Health Method used in this office we get at and remove the cause of this under-functioning and restore the condition of Health and Sound Sleep.

Health turns the Clock Backward

Uncle Ben Says: "Following the path of least resistance, Nephew, is what makes rivers and men crooked."

**What Another Rushville Man Says**

"For thirty years I had been troubled with what physicians told me was kidney trouble, rheumatism and nasal catarrh. I also had a chronic headache and a persistent pain in the lower part of my back. I had to get up three to six times a night with my kidneys and had not been able to breathe through the right side of my nose for years; my skin was dry and scaly; I had tried several physicians and all kinds of drugs without results.

I finally decided to consult Drs. McCully and McCully, Chiropractors. Although I was somewhat skeptical about Chiropractic, I started in, and I am glad to say that since my ninth adjustment, I have not had to get up during the night and after the twelfth adjustment my nasal trouble cleared up completely and I can now breathe through both nostrils. My skin is normal and I have no cold. I am also free from rheumatism and pain in back. I feel like a new man.

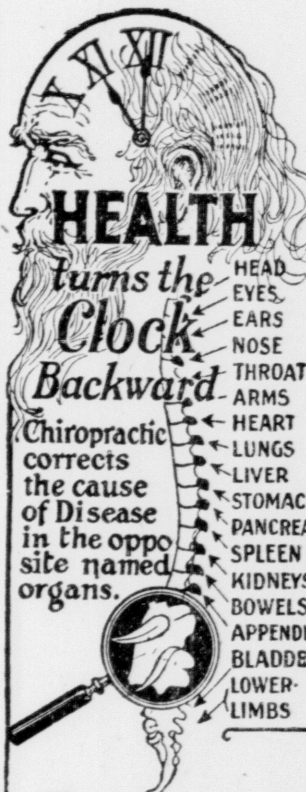

There were no drugs, diet, etc., used—just straight Chiropractic adjustments. I do sincerely recommend Dr. McCully's health method to anyone who is not enjoying good health."

## MC CRAY'S NAME GAVE NOTES VALUE

J. J. Kiser of Indianapolis Bank Testifies Other Signatures Amounted to Nothing

### EVIDENCE IN FRAUD TRIAL

Witness Says Governor Admitted Notes Represented Nothing Except His Own Responsibility

(By United Press)

Indianapolis, Ind., April 24—Nearly \$200,000 worth of notes floated by the Meyer-Kiser bank of Indianapolis for Governor Warren T. McCray represented practically nothing but McCray's own responsibility, J. J. Kiser, vice-president of the bank, testified today in the federal court trial of the governor.

McCray is charged with using the mails in a scheme to defraud.

Although many of the notes bore the signatures of various men and firms, the governor's signature was the only thing that gave them value, Kiser testified.

He said that on January 1, 1922, there was outstanding a total of \$196,000 in McCray's own paper and notes given as collateral.

The bank handled the paper for McCray as a broker, Kiser said. He testified that McCray told him when the bank first began disposing of the notes that they represented "cattle paper."

"Later the governor admitted to me that in practically every case the notes represented nothing but his own responsibility," Kiser testified.

"He told me that, when I called his attention to fifteen or twenty names signed to collateral notes given our customers as security, that they were the governor's own notes."

John W. Pallen, president of the Citizens State bank of Indianapolis, testified McCray promised his bank a state deposit of \$5,000 shortly before his financial failure last August, if the bank would loan him a similar amount on his personal note.

Kiser was asked if he knew James L. Morrison, one of the men whose names appeared on the notes.

"I did not know him personally," Kiser testified. "The governor told me he had been in the sugar business in New Orleans but was not very successful. The governor said he thought Morrison was worth something. He said he was a 'good fellow.'"

Additional evidence was introduced to support the contention of the state that McCray signed the names of supposed makers of notes payable to himself.

James L. Gavin, president of the Northwestern State Bank of Indianapolis, testified McCray gave him a "dead note" that had already been replaced by a renewal note and later Continued on Page Three

## MRS. MARY J. SMITH DIES AT AGE OF 80

Widow of Jabez Smith Expires At Home of Quincy Whitton—Broke Hip Three Years Ago

FUNERAL FRIDAY, 10:30 A. M.

Mrs. Mary J. Smith, age 80 years, died Wednesday afternoon about 2:30 o'clock at the residence of Quincy Whitton, 625 West Fifth street, where she had been living for three weeks.

The deceased was the widow of Jabez Smith, a Civil War veteran, who preceded her in death in February 1921. Following his death in this city, she went to the home of her daughter, Mrs. Benton Scott, of near Sexton, where she had lived until a few weeks ago, when she was removed to the Whitton residence in this city.

Mrs. Smith fell and broke her hip about three years ago and since that time, she had been in failing health. She is survived by the daughter, Mrs. Scott and a son, Frank Smith who is a travelling salesman.

Funeral services will be held Friday morning at 10:30 o'clock at the Main Street Christian church in charge of the Rev. L. E. Brown, and burial will be made in East Hill cemetery.

## WEDNESDAY SETS A RECORD

Tax Collections Largest They Have Been This Season

More was collected on the spring installment of taxes, Wednesday, than has been paid any day during the spring taxpaying season, when collections amounted to \$13,378.62, making the total paid on the first installment for 1924, \$199,348.83.

This leaves a balance of approximately \$340,000 to be collected between now and Monday, May 5, when the spring taxpaying season closes with ten days left, in which taxes may be paid without incurring a penalty, collections will have to average \$34,000 a day.

## TO ACCEPT PLANS WITHIN FEW DAYS

Rush County National Bank And Odd Fellows Lodge Will Agree on New Building Soon

### FEW DEFINITE DECISIONS

Bank Decides to Occupy Whole First Floor and Odd Fellows Plan to Build Roof Garden

Although they have not yet come to any definite agreement, the Rush County National bank and Odd Fellows lodge expect to accept plans in a few days for the new building that will be erected at the corner of Main and Second streets to replace the one which burned January 25.

McGuire and Shook, Indianapolis architects, have been working on plans for some time, but certain details are yet to be worked out, before the contract for the new building can be let.

It has been definitely decided by the bank to use the whole first floor of the building. At one time, the bank considered occupying the first floor back to the vault, and arranging for a small business room, opening in Second street, across the rear end of the building.

One drawback to definitely accepting plans for the building, it is said, had been the disposition to make of the vault, which was installed a few years ago at great expense. It is located in an awkward position, being situated near the center of the lower floor, on the north side, which will be the most valuable floor space in the building, on account of it being on the street side and will be the best lighted.

The vault could be moved, it is pointed out, but not without great expense, but if moved, it could be enlarged to meet the growing needs of the bank.

The Odd Fellows will erect the second story of the building. They have decided to add a roof garden for the recreation of lodge members and as a means of beautifying the building.

The building will be constructed of steel and brick and will be along the lines of the latest bank architecture. Although to be only two stories high, it will have the appearance of being higher and will rise almost as far above the street level as the old building did.

## L. E. BROWN SPEAKS AT CENTER EXERCISES

First High School Commencement is Held in County Wednesday Night—Center Church Crowded

### NINE AWARDED DIPLOMAS

The first high school commencement of the year was held in Rush county Wednesday evening when Center high school graduated nine students. The exercises were held at the Center Christian church and the address was delivered by Rev. L. E. Brown, pastor of the Main Street Christian church of this city. The church was crowded with people.

The Rev. Mr. Brown used for his subject, "Some Peas in a Pod," referring to the fact that the five "P's"—Purpose, Preparation, Partnership, Patience and Principles, are needed if young people expect to accomplish anything worthwhile in life.

In illustrating how patience, purpose and preparation figured in the making of the famous motion picture, "The Hunchback of Notre-Dame,"

## I. & C. TRACTION CO., TO REMOVE ONE TRACK

Decides to Combine Tracks in Morgan Street Where Paving Will Soon be in Progress

### STREET WILL BE WIDENED

One of the tracks of the Indianapolis and Cincinnati traction company will be taken up on Morgan street, which is to be paved within the next few weeks, according to a decision reached yesterday by C. L. Henry, president, who was here looking over the street.

The paving construction is now under way on the south end of the street, and will soon be up to the place where the car tracks are located. The traction line maintains double tracks through the city, and on this account the street was to be widened when paved. The traction officials now want to take up one set of tracks on that portion of the street, which would not have caused the street to be widened but regardless of the plans, the street is to be widened, and the traction company

## HOME SHOWN TO BE BIG FACTOR

Its Relation to Education Discussed at Monthly Meeting of Parent-Teachers Association

### ATTENDANCE OFFICER TALKS

Says it is Very Important The Home Co-operate With The School in Overcoming Delinquency

A large crowd attended the meeting of the Parent-Teachers organization of the city Wednesday evening at the assembly room of the Graham high school building. Several interesting talks were given on the general subject for discussion "The Home as a Factor in Education."

Miss Dorothy Sparks, the county attendance officer, gave a talk on "The Home and Delinquency," showing that it is very important that the home cooperate with the school in reference to delinquency. She also pointed out that in about three hundred homes she has visited this year, only about four cases of absences from school were due to delinquency. Most of the absences were due to lack of encouragement, she stated, and in these cases the children would attend school if they had obtained the proper encouragement from their parents.

"Modern Writers For Children" was the subject discussed by Mrs. Roy Wagener, in a very impressive manner. She told of the most important writers for children and illustrated her talk with an exhibit of fifteen or twenty books by modern writers. The books were passed through the audience and examined with eagerness by the people.

The symposium on "The Ideal Home" was discussed by six different persons who made their talks very interesting.

The next meeting of the Parent-Teachers will be held May 13 and the subject for discussion at this meeting will be "Child Welfare."

Washington, April 24—The McNary bill which would create a \$200,000,000 corporation to buy and sell basic farm products in an effort to maintain pre-war price levels, was singled out by the house Agriculture committee today as the outstanding farm relief measure, to be pressed for passage at this session of congress.

Rejecting all other alternative measures which were urged as substitutes, the committee reported out the McNary-Haugen measure by an unexpectedly large vote of 14 to 6.

## COURT TERM IS DRAWING TO END

Business is Being Finished up Preparatory to Week's Vacation Before May Term Opens

### JURY IS USED VERY LITTLE

Sheriff Hunt Says His Report Shows Fewer Talesmen Called Than Any Time During His Term

Business in the circuit court is being drawn to a close as Saturday will end the February term of court, and the books will be put in shape and the calendar prepared for the new term, which begins May 5.

The February term has been a quiet period in court circles, with only one outstanding case that required any length of time. This was the murder trial in which Cecil Cloud was convicted.

The jury was used only a few other times during the period. Sheriff Hunt, who tabulates the jury report for the allowance of the jurors, stated today that his report was the lowest since he had been sheriff, and that only 78 talesmen will be on the payroll.

The usual run for jury service during a court term is around 100 men. The murder case alone during this term of court was responsible for most of the 78 talesmen being called.

A few minor matters will be heard Friday and Saturday in order to close the books for the week's vacation between terms. Further evidence in the Merritt divorce case will be heard, and decided Saturday by Judge Craig special judge of Greensburg, who is hearing the case.

Among the new cases filed is a complaint by Sidney L. Anglinbaugh of Indianapolis against Cornelious Monks and Ada Mae Monks, the action being to enforce a trust, which is the outgrowth of a real estate transaction involving a trade between city property and a farm west of Rushville. The demand is for \$3,500.

Judge Sparks has decided the case of Claude Hillgoss against the New York Life Insurance Company, a complaint on an account, and the plaintiff was awarded \$237.48 judgment. Stella Hillgoss filed a cross complaint asking to share in the complaint, and the court ruled against the cross complaint.

### Says His Prescription Has Powerful Influence Over Rheumatism

Mr. James H. Allen, of Rochester, N. Y., suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work.

He finally decided, after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system.

He freely gave his discovery, which he called Allen's, to others who took it, with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers. He has therefore instructed druggists everywhere to dispense Allen's with the understanding that if the first pint bottle does not show the way to complete recovery he will gladly return your money without comment. All druggists can supply you.

## MOVIES

### Tom Meighan Picture

Film fans will see in Tom Meighan's new picture "Pied Piper Malone," coming to the Princess theatre today again, a highly original comedian with a high-powered laugh-provoking talent. His name is Charles Winniger. He is the husband of the musical comedy star, Blanche Ring, sister of Mrs. Thomas Meighan. Winniger has starred on the stage for many years, his most recent appearance being in "The Good Old Days," a comedy based upon Prohibition which amused Broadway for many months. He is one of those spontaneous comedians, like Charlie Chaplin and Ben Turpin, who have but to heave into sight and the spectators start to laugh. Such fun-makers do not need elaborate "gags" to put them over. Winniger has the role of the village barber in a "down East" seaport community in "Pied Piper Malone," and his every move is declared to be a laugh. It is a Paramount picture, and, besides Handsome Tom and Fanny Charlie, the cast includes Lois Wilson, the "Covered Wagon Girl," Peaches Jackson, and several other favorites. Booth Tarkington wrote the story.

\$6.25 down will bring a Hoover to your home. The balance is divided into monthly payments even smaller.

You can use The Hoover while you're paying for it—and for a whole lifetime afterward.

Don't let this trifling sum keep you from owning a Hoover. You'll be repaid many times over in the time and labor The Hoover saves in your cleaning.

### New Treatment for Varicose Veins and Ulcers

Swollen veins are dangerous and often burst. Sufferers are advised to get a two-ounce, original bottle of Emerald Oil (full strength) at any pharmacist and start to reduce the veins and banches at once.

Physicians recommend Emerald Oil; it is used in hospital practice and a small bottle will last a long time, because it is very concentrated and a little goes a long way. Apply night and morning with a soft brush as directed until the swelling is reduced to normal.

So marvelously powerful is Emerald Oil that swollen glands and even goitre disappear when used steadily. —Advertisement

### Help Safety Sue Keep Boys And Girls From Being Hurt

Continued from Page One  
p. m. so the name of the winner and the winning rhyme may be printed in Monday's Republican. The fourth line which you are to write, must rhyme with the third line of Safety Sue's verse.

With so many automobiles and trucks and trolley cars and railroad trains and sometimes wires charged with electricity which break and fall to the ground, there are so many ways for the little boy and girl friends of the Republican to meet with bad accidents, that the Republican wants every little boy and girl to think all the time about being careful, so each of them may not suffer such a misfortune. That is why we ask you to write a good, true rhyme to complete the verse of Safety Sue's slate about being careful. And each day beginning next Monday, the Republican will give the boy or girl who writes the best rhyme to complete Safety Sue's verse, a nice, crinkly new dollar as a reward for your efforts.

At the end of the contest, I'll tell you about A BIGGER AND BETTER REWARD!

### WHEELER MAKES SPIRITED REPLY

Senate "Prosecutor" Says Men Like Daugherty And Fall Make More Bolsheviks Than Red Agents

#### ANSWERS DAUGHERTY ATTACK

Former Attorney General Blames "Russian Communism" For Forcing Him Out of Office

By FRAZER EDWARDS  
(U. P. Staff Correspondent)

Washington, April 24—"Such unfaithful servants as Daugherty and Fall have made more bolsheviks in America in a few weeks than a thousand soviet agents could make in a decade," Senator Wheeler, Montana, declared today, in replying to former Attorney General Daugherty's "defense speech" in Columbus Ohio, last night.

Wheeler's statement to the United Press was provoked by what he termed "Daugherty's cunning but baseless insinuations" that he and Senator Brookhart, Iowa, were "inspired" by soviet officials to investigate the department of justice.

"In his array of distorted truths," said Wheeler, "Daugherty has taken refuge behind the resort of modern knaves striving desperately to divert the public mind from their own corruption. When all else fails, they trot out the 'Red Peril' bugaboo. His pitifully absurd smoke screen will only meet with ridicule."

"But this discredited official does not exaggerate the dangers that threaten the republic if the Daugherty and the Falls are not driven from office. That is the danger the senate committee, by barring the corruption in the department of justice is seeking to avert."

"There is a rising tide of discontent in America. Government by blackmail and the private sale of the public domain have brought it to the danger point. Nothing can check it if the bolshevik makers are left in office."

"That is the task to which the senate committee has dedicated itself. Washington must be made unsafe for grafters of the Jess Smith, and Howard Mannington type—Daugherty's bosom friends. It must be made impossible for another Daugherty to dispense czarist Russian justice in the legal department of the government."

Wheeler added that the "sneal of a cornered rat" would not stop the investigation.

Columbus, Ohio, April 24—"Russian Communism" was blamed by ex-Attorney General M. Daugherty at a testimonial dinner in his honor here last night, with being responsible for the senate investigations that forced him out of office.

"The soviet failed to gain control of the labor organizations of this country, and so arranged pilgrimages to Moscow for certain members of the United States senate."

Daugherty said he had given up his cabinet post rather than contribute to a treasonable cause.

Files of the department of justice, he said, contained "abundant proof of the plans, purposes and hellish designs of the communist internationale."

"Beat in mind," he said, "that the files which I refused to deliver to the Wheeler committee at the time of my resignation was requested, were demanded by Brookhart and Wheeler, two United States senators, who spent last summer with their soviet friends—these same communist leaders who preach destruction of constitutional government."

#### MCCRAY'S NAME GAVE NOTES VALUE

Continued from Page One  
admitted "he should not have done it."

The government will complete its case against Governor Warren T. McCray, next Monday or Tuesday, District Attorney Elliott said as court opened today.

If this schedule is adhered to, the case will reach the jury Thursday or Friday of next week.

The defense will use only a few witnesses, attorneys for the governor said.

McCray is anxious to take the stand for himself. He says he has the utmost confidence in his ability to explain satisfactorily the financial transactions which led to his indictment.

### ATHLETIC CLUB TO GIVE PLAY

"The Man From Borneo" to be Presented at Fairview Friday Night

"The Man From Borneo" will be presented by the Fairview Athletic club Friday evening at the Fairview auditorium. It is announced that the feature of the play is the acting of E. H. Hackleman, postmaster at Fairview, who takes the part of the "wild man."

The characters are cast as follows: Borneo B. Binnis, a tropical blizzard from the south, Don L. Essex; Fred Binnis, his downtrodden nephew, Verne C. Freeman; Capt. Lefton Wright, late of the Philippine army, Merle Michael; Peter, a sleepy servant, James Cooney; Olive, Fred's wife, Ruby Hackleman; Lizzie Dayton, her former chum, Pearl Reed; Aunt Drusilla, heard but not seen.

A dual line of attack was being developed today by the district attorney. While continuing to quiz witnesses as to the methods used by McCray in discounting "cattle notes" with Indiana banks, Elliott opened up a line of questioning seeking to prove the government's contention that McCray forged a number of notes.

The defense suffered a setback yesterday afternoon when Judge Anderson held that repayment of any or all of the indebtedness had no bearing on the case.

McCray's attorneys had been building their case on the theory that the fact that McCray had repaid some of the banks was evidence he had no intent to defraud in his financial dealings.

The defense suffered another jolt when Elmer Stout, president of the Fletcher-American National bank of Indianapolis, testified that McCray admitted to him last fall he had signed the name of "J. L. Williams"

## Our Language

Contrary to the popular view, the dictionaries are not made for us but by us.

The managing editor of a well known dictionary explains that the dictionary-maker's job is like that of the housekeeper—never ending.

"From morning sunrise to the dawn of the next day, words pour in upon him," this dictionary editor says, "and have to be identified, sorted, dusted and classified, just exactly the same as plates and dishes on a shelf or other knickknacks in a home."

When most of us think of a dictionary, we think of something original, something that bears the badge of authority—never something that originated with those whom it is expected to benefit.

But when we consider the origin of some of the most recent words now in use, we find that the dictionary maker tells us something that we already knew.

The late president Harding did not go to the dictionary for "normalcy." It was a word of his own making and it was so expressive and so useful that popular usage soon fixed it in the minds of the people as a standard word.

When Grover Cleveland dug up "desuetude," using "innocuous" in front of it, he started the prim-minded students. "Desuetude" had been sleeping for years, but it suddenly took on new life after the president of the United States dignified it by using it.

So new words are born over night and old ones are given the spark of life through usage by men in public life.

It is natural that our language should change and that our speech should move constantly. It would be unnatural for a people with vim, enthusiasm and energy, such as characterizes Americans, to be satisfied with an unchanging language.

We need expressive words and the constant searching for them by alert minds is certain to be productive of a flexible language that will suit our ever-changing needs.

## The Immigration Barrier

No legislation pending at Washington is more important than the immigration law, and the way that it is working out must bring a sense of relief to the country, in spite of certain regrettable omissions.

The most important innovation is the use of the 1890 census as a basis for national quotas, adopted by both House and Senate. On the 2 percent basis, this brings down the admissible total from about 240,000 a year, the

## Child-birth

HOW thousands of women, by the simple method of an eminent physician, have avoided unnecessary miseries through many months and up to the moment Baby has arrived, is fully explained in the remarkable book, "Motherhood and the Baby." "Mother's Friend" is a potent externally, safe, free from narcotics, permits easier natural adjustment of muscles and nerves during pregnancy and child-birth. Start using it today. Mrs. E. C. Kerper, Dayton, Minn., says: "It pulled me through. I sent for book today, to Bradford Regulator Co., 2670, Atlanta, Ga. 'Mother's Friend' is sold at all good drug stores—everywhere."

## Hunt's Washington Letter

BY HARRY B. HUNT

NEA Service Staff Writer

WASHINGTON, D. C.—Watch out for the women. They have something better than their arms up their sleeves.

This is the warning that has gone out to political managers, who from force of habit are devoting most of their time to scanning the campaign horizon from a purely masculine viewpoint.

Undercover whisperings in feminine organizations, however, have pointed to the fact that political scouts and an alarm has been sounded to look out for a surprise attack and to arm for the emergency.

For some weeks there has been a growing suspicion that the women were up to something, but just what it was remained in doubt. Recently a runner arrived with a breathless story of a plan by the ladies to kidnap the vice presidency at the Republican convention. Concocting that Coolidge has the presidential nomination already sewed up, the women will be content, for this time, with second place on the ticket, but they will make a real and earnest fight for that. At least so the story ran.

"All Bunk," they tell you at both Republican and Democratic headquarters. Those are quotes for publication. Privately, they'll inquire most earnestly if you think there's anything to it. If so, who's behind it? And do you really think they're serious?

Now I happen to know that this matter of demanding the vice presidency for a woman HAS been discussed at the headquarters of one of the largest national women's organizations. And it was discussed seriously. Not seriously in the sense that anyone expected either party to play the courtly gallant and immediately name a woman for second place on its ticket this year, but seriously from the viewpoint that if woman ever is to be

in line for a place on the presidential or vice presidential ticket a start will have to be made, and that now is as good a time as any for said start.

TWO women suggested as possible nominees on the Republican ticket are Mrs. Harriet Upton of Ohio, chairman of the women's section of the Republican National Committee, and Mrs. Maud Wood Park, president of the National League of Women Voters. Leadership in the latter organization might be a handicap, as much as the organization is pledged against taking sides between parties or endorsing specific candidates. Its function is to stimulate women's interest in politics generally and to endorse causes, not candidates.

However, Mrs. Park is retiring as president at the end of her present term, which concludes this month. This retirement would remove any embarrassment in accepting the vice presidential plum, should such be tendered.

SHOULD the Republicans reject this leap-year proposal by the ladies to let them share the responsibilities of high office—as even the proponents of the plan expect they will—there yet remains the Democratic convention where a similar proposition can be tried. In fact, the odds in favor of acceptance by the Democrats might be considered better than those by the Republicans, since the Democratic convention will have a much larger feminine representation among its delegates.

Emily Newell Blair, chairman of the National Democratic Women's Committee, would be the likely choice for such a test at the New York convention. A third "possibility" discussed in connection with the "woman for vice president" move, on the Republican side, is Mrs. Clifford Finchet, wife of the Progressive Republican governor of Pennsylvania.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause.

Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects. They start the bile and overcome constipation. Take one or two nightly and note the pleasing results. Millions of boxes are sold annually at 15c and 30c.

By HENRY L. FARRELL

(United Press Sports Editor)

New York, April 24—War against Tex Rickard, waged by rival New York promoters is to see a new offensive during the coming summer, when an attempt is to be made to keep him out of New York.

Jimmy Johnston, who promoted at the Yankee stadium last summer and who turned over Johnny Dundee's contract to his brother so as to comply with the ruling of the boxing commission, that a man cannot act as a promoter and a manager, has been selected as the leader of the offensive.

Johnston announced that the owners of the Giants and the Yankees had reached an agreement to allow him to make the matches and handle the fights that are to be held in the Yankee stadium and at the Polo Grounds. He said that he would be connected with both clubs and that no other promoter could get in either park with a match.

This means, it is believed, that Rickard will not be able to use either of the big baseball parks and that he will have to fall back upon his big pine bowl in Jersey City.

Rickard, however, insists that he could put one or two big matches in the Polo Grounds, if he wanted to do

it, but that he had decided that baseball parks were not the proper place in which to stage boxing matches. It has been reported that the boxing commission feels the same way about it, and that some rule may be passed which will make the parks less attractive to promoters.

The Dempsey-Firpo fight at the Polo Grounds last summer resulted in a large number of complaints being filed with the boxing commission. Ticket-holders complained that they were unable to get their seats or that they could not see the ring from their seats. During all the excitement of the first round, when Dempsey was down three times and Firpo was down seven times, the fans jumped to their chairs and obstructed the vision of those behind them. Chairs crashed under the burden and general disorder resulted.

Rickard was frank in admitting that there were many good reasons for complaint, and he said after the fight that he was through with ball parks for big championship matches.

William Muldoon, former chairman of the commission, said after he had been reappointed to a place on the commission that he would favor and support any rule that would stop or discourage the promotion of boxing in the ball parks. He suggested, for one means, that no seats be pitched on the field and that the fans be forced to watch a fight from the same seats and the same places that they watch a ball game.

This was considered a rather radical step and a compromise plan may be effected whereby the field seats will be limited to a very small number. Under the most favorable conditions, with practically no restrictions as to the number or location of the seats, ball park boxing was not successful here last summer. The owners of the Giants lost more than \$100,000 when Tom O'Rourke was handling their fight department and it is significant that on the one fight that Rickard handled for them they were able to get in the clear and have a few dollars left.

**KEEPING ONE EYE ON THE SCOREBOARD**

Yesterday's Hero: Dave Bancroft. The manager of the Boston Braves singled in the 15th inning and drove in the run that beat the Phillies 3-2.

Speaker's double in the tenth inning pushed over the run that gave the Indians a 6 to 5 win from the Tigers.

George Sisler got three hits in five times up, scored two runs and stole a base, helping the Browns win from the White Sox 9 to 5.

Led by the Babe, who hit a single double and a homer and scored three runs the Yanks ran away from the Red Sox and won 13 to 4.

Hauser's homer with Strand on base enabled the Athletics to beat the Senators 6 to 4.

The Cubs broke out with a batting rash and beat the Cards 12 to 1.

Chicago—A pledge to encourage the women of the country to go in more for athletics was made by the convention of the women's division of the National Amateur Athletic Federation of America here.

Richmond, Va.—Walter Bixey of Bradley, W. Va., and second baseman on the University of Richmond baseball team was drowned here late yesterday when a canoe in which he was paddling, overturned.

**RUSHVILLE TO PUT BALL TEAM IN FIELD****First Class Pitcher Will Be Obtained and Remainder of Team Will Be Local Players****INDIAN TO BE GIVEN BERTH**

Rushville will be represented again this year in the baseball field, according to an announcement made today, following a meeting of the stockholders of the club. The officers elected are the same as last year, with Guy Mulbarger as treasurer and Earl Conway, secretary and booking manager.

The first game will be played about the middle of May. Several fast clubs have been writing for dates. A first class pitcher will be secured, and the rest of the club will have local boys on the line-up.

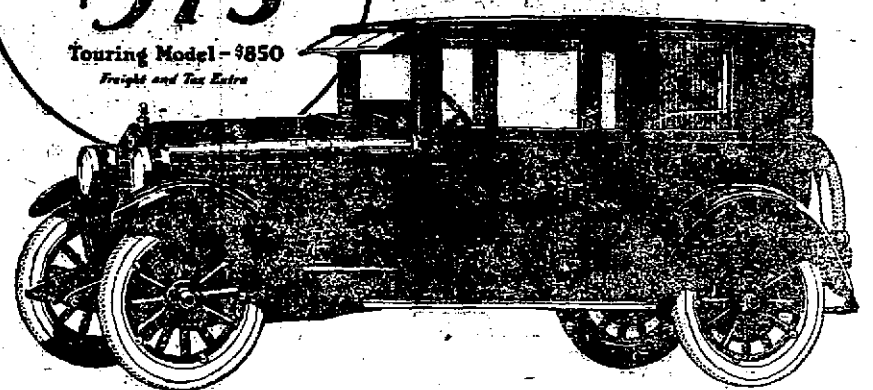

Among the new faces on the team this year will be Sky Eagle, an Indian who lives here, and who was formerly with the Nebraska Indian team. He is an all around player, and will be given a place. The Indian was here a few years ago with the Nebraska team, and moved here last fall, and is ready to play ball at any time.

The directors of the club have decided to sell 500 tickets for the opening game at one dollar, which will place the club in good shape for a starter. The other players will be McCarty, A. Joyce, Shaw, Sharp, Pearsey, M. Joyce, and Byrne.

Gladly Recommends Lydia E. Pinkham's Vegetable Compound

Louisville, Nebraska.—"I was married twelve years before my boy was born. I had a lot of female troubles and had been treated by a physician for them but they continued much the same. Then I read your advertisement in the newspaper and thought I would give Lydia E. Pinkham's Vegetable Compound a good trial for if it had helped others, why not me? I have taken 36 bottles of the medicine and am never without it in the house. My baby boy is three years old now and I sure am happy since I got relief from my troubles. When any one has troubles like mine, or any ways like mine, I am always glad to recommend the Vegetable Compound so that they will get the right kind of medicine." — Mrs. JOE NOVAK, Box 662, Louisville, Neb.

In a recent country-wide canvass of purchasers of Lydia E. Pinkham's Vegetable Compound, 98 out of every 100 report they were benefited by its use. For sale by druggists everywhere.

Chiropractic Health Talk No. 62  
By H. V. McCully, D. C., Ph. C.

Many suffer from disease that robs them of sleep without realizing it. One patient who came to this office was surprised to find that getting up two and three times a night because of their kidneys was unnatural.

It is during sleep that the batteries of life are re-charged and vitality is raised to the point where there is once more power to perform, but without it vitality begins to ebb.

Normal health of the vital organs insures sound uninterrupted sleep and if you do not enjoy this kind of sleep you may be sure that your organs of elimination are below normal.

By the Chiropractic Health Method used in this office we get at and remove the cause of this under-functioning and restore the condition of Health and Sound Sleep.

**What Another Rushville Man Says**

"For thirty years I had been troubled with what physicians told me was kidney trouble, rheumatism and nasal catarrh. I also had a chronic headache and a persistent pain in the lower part of my back. I had to get up three to six times a night with my kidneys and had not been able to breathe through the right side of my nose for years; my skin was dry and scaly; I had tried several physicians and all kinds of drugs without results.

I finally decided to consult Dr. McCully and McCully, Chiropractors. Although I was somewhat skeptical about Chiropractic, I started in, and I am glad to say that since my ninth adjustment, I have not had to get up during the night and after the twelfth adjustment my nasal trouble cleared up completely and I can now breathe through both nostrils. My skin is normal and I have no cold. I am also free from rheumatism and pain in back. I feel like a new man.

There were no drugs, diet, etc., used—just straight Chiropractic adjustments. I do sincerely recommend Dr. McCully's health method to anyone who is not enjoying good health."

# Your Next Car Will be this Light-Six, if you learn the truth

WHEN you buy a car in the "thousand-dollar" class, here are some things you should know.

We made a canvass of men who bought rival cars in this class. And we found that 96 in each 100 bought without knowing these facts.

So, for your sake and our sake, we want to present them to you.

Save \$200 to \$400

Studebaker builds 150,000 fine cars yearly. It builds in model factories, modernly equipped. It has spent \$38,000,000 in the past five years on new-day plants and equipment.

By quantity and up-to-dateness it saves large sums per car. A car like this Light-Six, built under ordinary conditions, would cost \$200 to \$400 more.

11.4% less to run

This supreme quality means lower operating cost. Owners of fleets of cars in this class made audited records to prove this.

They compared 329 cars, running up to 25,000 miles each. And they found that the Studebaker Light-Six cost 11.4% less to operate than the average of its rivals. This includes depreciation. The saving was nearly one cent per mile.

The reasons are these

The Studebaker Light-Six, in its chassis, represents the best we know. In steel and in workmanship it is identical with the costliest cars we build.

It is designed and superintended by an engineering department which costs us \$500,000 yearly.

Each steel formula has been proved the best for its purpose by years of tests. On some we pay 15% premium to makers to get them exactly right.

Each car in the building gets 32,000 tests and inspections.

The crankshafts are machined on

inch. And 122 are exact to one-half that.

Genuine leather cushions, ten inches deep. Unusual equipment. Scores of extra values.

Made by the leaders

This is one of the cars which has made Studebaker the leader in quality cars. Our sales have almost trebled in three years. The trend toward Studebakers has become a sensation.

Last year 145,167 people paid \$201,000,000 for Studebaker cars.

Back of this car is an honored name, which for 72 years has stood for high ideals.

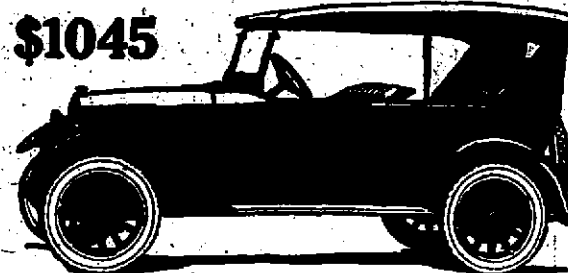

Behind it are \$90,000,000 of assets, staked on pleasing you better than others.

Before you pay \$1,000 or more for a car, these are facts you should know and compare. You owe that to yourself.

Send for the book

Mail us the coupon below. We will send you free our new book that will inform you on five simple things which reveal the value of a car. For instance: It will enable you to look at any car and tell whether it's been cheapened to meet a price or offers true quality.

It will tell you why some cars rattle at 20,000 miles and others don't. It shows one single point in a closed car which measures whether you're getting top or medium quality. The book is free—clip the coupon below.

Musteroil is a clean, white ointment made with oil of mustard. It is fine for quick relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds on the chest. Keep it handy for instant use.

To Mothers: Musteroil is now made in milder form for babies and small children. Ask for Children's Musteroil. 35c and 65c. Jars and tubes; hospital size, \$3.00.
